SUMMARY

Aspiring front-end developer with a diverse skill set that includes graphic design, video editing, music production, and sound engineering. Holding a BSc in Biomedical Science, I am now eager to transition into an entry-level front-end development role, focusing on React.js. I offer a unique blend of creativity, technical expertise, and problem-solving skills, which I am excited to apply to web development projects. Proficient in React.js and experienced in collaborative team environments, I am dedicated to crafting visually appealing and functional web solutions. Let's collaborate to create immersive user experiences!
